

Face Plate

3C3[®] UK-style shuttered faceplates feature a keystone interface compliant with TIA-568.2-D. Integrated spring-loaded shutters prevent dust and debris ingress when ports are unused. Manufactured from white high-impact ABS, UL 94V-0 compliant and supplied with a covered label holder for neat and easy identification, along with mounting screws.

Features

- ANSI/TIA-568-C.2, ISO/IEC 11801:2002, AMMD.2:2010, ISO/IEC 60603-7 Compliant
- Provision to accept all keystone-style modules, including unshielded and shielded variants for Cat5e, Cat6, Cat6A, Cat8.
